

1. EXECUTIVE SUMMARY & CORE OBJECTIVE

To position our organization as a premier media brand and authority in financial literacy, we propose shifting from **manual, fragmented social media posting** to an automated **Production House Framework**. Currently, valuable team bandwidth is spent on repetitive administrative tasks — manual scheduling, individual direct messaging, and basic lead outreach.

By investing **₹14,145 per month** in an integrated automation tech stack, we will immediately recover over **60 hours of creative bandwidth monthly**. This operational surplus will be directly reinvested into producing high-production, series-level original content IPs (e.g., *Fin-Z: The Indian Finance Journey* and product-focused series like *MF to SIF*, *PMS & AIF*), driving sustained organic engagement, institutional credibility, and high-intent lead conversion.

₹14,145

MONTHLY TECH STACK

AUTOMATED LEAD CAPTURE

2. TECHNOLOGY STACK & OPERATIONAL COST BREAKDOWN

The proposed software stack automates repetitive publishing, comment marketing, lead capturing, and B2B LinkedIn outreach while leveraging AI for scalable video production.

Platform / Tool	Core Purpose	Key Technical Benefits	Monthly Plan	Impact
Zoho Social	Cross-Platform Social Management (3 seats — Priya + 2 team members)	Centralized multi-channel publishing, bulk scheduling, visual content calendar, integrated analytics, team approval workflows across all 3 seats.	₹1,800	Saves ~15 hrs manual posting
Superprofile	Comment Marketing & DM Automation	Unlimited AutoDM across posts, stories & lives; automated keyword-triggered DM sequences, lead magnet delivery, FAQ chat automation on IG & FB.	₹2,782	Zero response lag, instant lead capture
LinkedIn Premium	Executive Branding & Search	Advanced Boolean search, InMail credits for direct decision-maker outreach, premium profile visibility, company search insights.	₹4,719	High-value B2B network building
Meta Blue Tick	Brand Identity & Protection	Official blue verification badge across Meta platforms, impersonation protection, elevated search visibility, priority direct support.	₹629	Higher ad/organic click trust
HeyGen AI	AI Video Creation & Localization	Photorealistic AI avatars, custom voice cloning, multi-language video localization, rapid script-to-video production pipeline.	₹2,778	5x faster video output speed

MagnetIn	LinkedIn Growth & Lead Automation	Automated targeted connection requests, multi-step personalized follow-up sequences, automated profile visiting & lead nurturing.	₹1,437	Continuous B2B pipeline growth
TOTAL MONTHLY OPERATIONAL INVESTMENT			₹14,145	60+ Hrs Reclaimed
⚠ Not included in this version, pending further scoping: video editing/repurposing tool (ChatCut / Submagic / Eddie AI — under a 1-month trial), a second Meritto/CMS license, and a general internal-automation/workflow tool. These stay off the client-facing total until use cases and vendor are locked.				

3. CONTENT BLUEPRINT & FLAGSHIP SERIES IPS

With basic publishing automated, creative capacity will be directed into three tier-one content series designed to capture both broad audiences and specialized financial advisory/HNI networks.

Flagship IP 1: Fin-Z — The Complete Indian Finance Journey

Netflix / MasterClass Style

Brand Positioning: "Fin-Z: India's Financial Journey. From Independence to Intelligence." A comprehensive, multi-season historical and educational documentary series covering the macroeconomic evolution of India.

Season 1: The Foundation (1947–1969)

- India's post-Independence agrarian economy & nation-building challenges
- Establishment and emerging central role of the Reserve Bank of India (RBI)
- The era of Five-Year Plans, License Raj, and bank nationalization in 1969

Season 2: Building the Infrastructure (1970–1990)

- Managing hyper-inflationary pressures and balance-of-payments crises
- The rise of Public Sector Undertakings (PSUs) and expansion of early capital markets
- The physical trading ring: How stock exchanges operated pre-digitalization

Season 3: The Turning Point & Market Modernization (1991–2008)

- 1991 Economic Liberalization (LPG reforms) under Dr. Manmohan Singh & PV Narasimha Rao
- Establishment of SEBI as a full statutory regulator and launch of NSE/demat trading
- The birth and explosive rise of the Indian Mutual Fund industry & retail participation

Season 4: The Digital & FinTech Revolution (2009–2020)

- The India Stack architecture: Aadhaar, Jan Dhan accounts, and mobile penetration
- How UPI revolutionized global digital payments and crushed cash dependency
- The startup boom and democratization of discount brokering

Season 5: The Wealth Creation Era (2020–Present & Beyond)

- Shift from simple saving to sophisticated investing: Mutual Funds, SIF, PMS, AIF
- Taxation evolution (GST, Income Tax regime shift) and digital asset regulation
- AI in wealth management, algorithmic trading, and India's path to a \$10T economy

Target Audience: High-Net-Worth Individuals (HNIs), affluent retail investors, and financial advisors seeking structured product knowledge.

Video / Episode Topic	Core Narrative & Educational Value	Target Viewer
1. Mutual Fund ke baad kya?	Exploring the progression from standard SIPs to structured investment products.	Growing Investors
2. SIF kya hai aur MF se alag kaise hai?	Deep dive into Specialized Investment Funds: Risk profiles, mandates, and strategies.	Affluent Investors
3. PMS kya hota hai (Portfolio Management Services)	Demystifying customized stock portfolios, ticket sizes (₹50L+), and direct ownership benefits.	HNIs & Corporate Professionals
4. AIF kya hota hai (Alternative Investment Funds)	Understanding Category I, II & III AIFs: Venture capital, private equity, long-short funds.	Ultra HNIs & Family Offices
5. PMS vs AIF vs SIF Comparison	A comprehensive side-by-side breakdown of liquidity, regulation, minimum entry, and taxation.	Active Wealth Clients
6. Kaunse investor ko kaunsa product suit karta hai?	Risk profiling framework to map capital allocation across various financial vehicles.	Investors & Advisors
7. PMS: Status symbol hai ya serious product?	Unbiased evaluation of PMS fee structures, fund manager track records, and real alpha generation.	HNI Decision Makers
8. AIF mein risk kyun zyada hota hai	Risk disclosure: Lock-in periods, illiquidity, leverage, and drawdown potential.	Sophisticated Capitalists
9. Advisor ko SIF, PMS, AIF kyun samajhna chahiye?	Empowering wealth managers and IFAs to upscale client advisory and increase AUM.	Financial Advisors / IFAs

Flagship IP 3: Finance with AAFM / The AAFM Perspective

Institutional Thought Leadership

Core Concept: Institutional-grade series spotlighting international wealth management standards, global financial certifications, regulatory ethics, and financial planning frameworks.

- **Global Wealth Benchmarks:** How international advisory practices are reshaping wealth management in India.
- **Mastering Estate & Private Wealth Planning:** Tactical guides on succession planning, family trusts, and wealth preservation.
- **Practitioner Interviews:** Roundtables with certified wealth managers, market strategists, and industry veterans.

4. IMPLEMENTATION ROADMAP & EXECUTION PHASING

Phase 1: Tool Onboarding	Phase 2: Pre-Production	Phase 3: Rollout & Launch	Phase 4: Scale & Convert
Weeks 1 – 2	Weeks 3 – 4	Month 2	Month 3 Onward
• Tool setup & subscriptions • Zoho & Superprofile workflows • MagnetIn targeting setup	• Scripting Fin-Z S1 • HeyGen AI avatar cloning • Visual brand kit creation	• Launch Fin-Z S1 Episode 1 • Activate Superprofile triggers • Launch SIF/PMS video series	• Review analytics & conversions • Scale LinkedIn B2B outreach • Begin Fin-Z S2 production

5. EXPECTED ROI & RECOMMENDATION

Return on Investment (ROI) Framework:

1. **Operational Savings:** Reclaiming 60+ team hours per month at an investment of ₹14,145 represents an immediate positive ROI on staff productivity.
2. **Automated Lead Engine:** Superprofile + MagnetIn will automatically nurture comments and LinkedIn profile views into qualified leads, eliminating lead leakage.
3. **Brand Equity & Audience Retention:** Premium series content (Fin-Z) builds compounding organic domain authority, positioning our brand above traditional short-form noise.

Recommendation: Approve the monthly software expenditure of ₹14,145 to immediately commence Phase 1 implementation.

Rev. 2 (15 Sep 2026) — updated from the original ₹11,792/mo version per mentor feedback: Zoho Social upgraded to a 3-seat team plan (₹1,800); ManyChat replaced with Superprofile for DM automation (₹2,782, Creator plan); ChatCut/Submagic/Eddie AI, a second Meritto/CMS license, and a general internal-automation tool were evaluated and intentionally left out of this version pending further scoping.
